ARTISTS WORKING GROUP & LONELY ARTS

Artist working group

An Artists Working Group is needed to assist with some of the time consuming aspects of the Open Studios Festival, also to assist with research, ideas, and marketing.

Would you like to help the festival programmer with the management of ARThouse 2010?

Yes No

If yes, we will contact you to discuss how you can help after the closing date on 19th February 2010.

Lonely arts

As part of ARThouse 2010 we are keen to find exhibition space in various locations throughout the borough, so more people can join the ARThouse festival. Some people don't have suitable space or perhaps don't want to open their home on their own therefore we'd like to match artists who can work together.

Do you have room available in your home or studio you'd be willing to share with another artist?

Yes No

Do you need exhibition space and would like to be matched up with another artist?

Yes No

We would also like to use spaces not usually associated with art exhibitions, and assign artists to make site specific art relevant to their exhibition space.

Would you be interested to exhibit in a space other than your home or studio? And creating some site specific art to display?

Yes No

If you know of any cafés, cinemas, theatres, empty shops, or other suitable spaces in the borough for an artist to exhibit please contact Heather or write your suggestions below.
