Richmond upon Thames
Children and Young People's Trust

Young People's Action Plan

The Children and Young People's Trust Board (CYPTB) is passionate about its engagement with children and young people in service delivery, and we also recognise the valuable role that young people play as representatives and advocates for other children and young people.

In this Children and Young People's Plan (CYPP) we wanted the children and young people's forums, such as the Children in Care Council and the Youth Forum, to make a real contribution to the delivery of the CYPP and identify the actions that they would take forward themselves to help achieve the ambitions of the plan.

Young people's representative groups used the information from the young people's consultation to identify the big issues for children and young people in the borough. During residential events and away days groups identified the key actions they would take forward on behalf of other children and young people.

The resulting action plans are set out below, and will act as the main programme of work for young people. We will work with young people to review progress after a year, and set new commitments as needed.

We would like to thank all those young people who have worked so hard to put this action plan together – and for their commitment to making Richmond upon Thames a safe, healthy and enjoyable place to grow up.

Young people's commitment is to work to...

| Children in Care Council | Richmond Youth Forum and Youth Parliament MPs |
|---|--|
| 1.1 Represent and communicate well with other looked-after children and care leavers | 2.1 Promote positive images of young people |
| 1.2 Create high quality peer-mentoring with the Council | 2.2 Understand homelessness issues in the borough |
| 1.3 Ensure the future of the Children in Care Council | 2.3 Improve access to young people's facilities in the borough |
| 1.4 Review the entitlements given to looked-after children and care leavers | 2.4 Improve young people's health and relationships |
| | 2.5 Stop young people committing crime and support victims of crime |
| | 2.6 Improve the capacity of the Youth Forum |

| The Children in Care Council's commitment is to work to... | The benefits to other children and young people in Richmond upon Thames will be that... | We will monitor our progress on outcomes by measuring the... |
|---|--|---|
| 1.1 Represent and communicate well with other looked-after children and care leavers | 1.1.1 All looked-after children and care leavers will receive newsletters with information from the Children in Care Council | Newsletters, prepared by the Children in Care Council, distributed either personally or by post to all looked-after children and care leavers each year |
| | 1.1.2 Looked-after children and care leavers will be able to access information in a timely way | Information made available by the Children in Care Council using a web-based product |
