Introduction

Education and Children's Services (ECS) was formed in May 2006 by a merger of the Education, Arts and Leisure directorate and the Children and Families division of the Social Services directorate. The integration of the two services was subject to an equalities impact needs assessment (EINA), which concluded that identified differential impact did not have potential for any adverse impact ¹.

The new directorate has four divisions:

- Community and Young People, which covers: Adolescent Resource Team; Arts; Connexions; Adult Community Learning; Children's Centres and Extended Schools; Early Years; Libraries and Information Services; Sports and Fitness; Youth Offending Team; and Youth Service.
- School Standards, which covers: 14-19 Education; Education Welfare; Ethnic Minorities and Travellers' Achievement; Governors' Support and Teachers' Recruitment; Inspection and Advisory Service; Richmond Education Business Partnership and Way to Work; Social Inclusion; Special Education Advisory Services; and Workforce Remodelling.
- Specialist Children's Services, which covers: Adoption; Child Protection; Children Looked After; Disabled Children; Educational Psychology; Family Support; Fostering; Initial Response Team; Leaving Care; Peripatetic Learning Support; Portage; Sensory Team (Visual and Hearing Impairment); Short Break Care; and Special Educational Needs;
- Strategy and Resources, which covers: Admissions and Student Finance; Building Development; Finance; and Policy, Performance and Systems.

In addition, some services within Richmond and Twickenham PCT, e.g. Audiology, Physiotherapy, School Nursing, etc., undertake joint working with some ECS services in order to improve outcomes for local children and their families.

The strategy of ECS is laid out in the Children and Young People's Plan 2006-2009 (CYPP) ², which contains 17 priority outcomes. The CYPP is subject to an ongoing EINA that is reported to and considered by the Strategic Equalities Executive Board (SEEB) and this action plan is therefore independent of, but closely allied to, the CYPP and the EINA of the CYPP. However, some actions outlined in the CYPP are also outlined within this plan in order to give a full picture of work being undertaken in ECS to remove barriers for the community.

This plan outlines actions to be taken in regard to the five themes, which are defined by the Equality Standard, as incorporated within the Corporate Equality and Diversity Action Plan 2007-2009.

¹ EINA of Children's Integrated Service, 2005.

² See: [Children and Young People's Plan 2006-2009](#).

It draws upon the following EINAs or action plans in respect of services within the directorate:

- Admissions and Student Finance – equality and diversity audit (2004) and action plan (2004, updated in June 2006);
- Adolescent Resource Team – EINA initial assessment (2005);
- Arts Service – EINA initial assessment (July 2005);
- Cultural Services – EINA (July 2005, reviewed regularly since);
- Education, Arts and Leisure – equalities and diversity plan 2004-2005 (August 2004);
- Education Welfare – EINA (2004);
- Libraries and Information Services – EINA initial assessment;
- Sports and Fitness – EINA initial assessment
- Youth Offending Team – race audit action plan (2004);
- Youth Offending Team – Youth Justice Board race equality audit (March 2005);
- Youth Service (2004).

However, this plan contains high-level, over-arching actions. Individual service-specific actions are listed within the particular services' equality and diversity action plans.

Education and Children's Services Equality and Diversity Action Group has been meeting regularly since autumn 2006 and has representation from each division of the directorate. It will play a crucial role in monitoring the actions set out within this plan and as a resource for staff.

Key: Equality strand: D=Disability; R=Race/Ethnicity; G=Gender; S=Sexual Orientation; F=Faith or Belief; A=Age; All=All strands.
