

Relate counselling for families.

- The St. Margaret's cluster of schools has sponsored Relate, the well-known relationship counselling charity, to offer counselling support completely free of charge, to local families.

- Relate is best known for its work with adult couples and you may be surprised to learn that Relate has experienced counsellors who work with young people and family groups.

- Family counselling aims to assist family members to resolve difficulties and concerns in their relationships with one another. These concerns can include a range of issues including parenting challenges and the effects of family breakdown, separation and divorce. Family members who attend the sessions may include parent(s) and children, siblings and members of extended or blended families.

- All family counselling will begin with a carefully planned assessment which will identify whether Relate is the most appropriate agency to help you and your family.

The Relate Family Counsellor will offer confidential family counselling sessions on Thursday between 4-7pm at:

Orleans Park School, Richmond Road, Twickenham, TW1 3BB.

If you would like to make an appointment for an initial consultation please contact Relate on the telephone number below.

**Relate Richmond, Kingston & Hounslow, 1 Princes Street,
Richmond, TW9 1ED**
