3 July 2009

To residents/businesses of the
Teddington controlled parking zone
and to occupiers of Nos 42-74, and 43-97,
Clarence Road, Teddington

Our ref: 2178_L_DW_030709_Teddington CPZ Review

Dear Owner / Occupier

Teddington controlled parking zone (CPZ)

In December 2008, the Council undertook a review of the Teddington controlled parking zone. The purpose of this review was to ascertain from residents and businesses in the existing area on how the zone has worked since implementation and also to consult residents in the surrounding uncontrolled area on proposals to extend the CPZ to this area.

The results of the consultation were reported to the Council's Transport Consultative Group in February 2009 where consideration was given to all representations received. Results showed a lack of support for an extension to the CPZ, with the exception of the uncontrolled section of Clarence Road.

The Cabinet Member approved the continued operation of the Teddington CPZ, operating Monday – Friday, 8.30am - 10.30am, as well as the formal advertisement of proposals (traffic management orders) to:

- Extend the Teddington CPZ to the remaining uncontrolled section of Clarence Road.
- Introduce minor operational amendments within and in proximity of the CPZ boundary. The minor amendments include the redesignation of a number of residents' bays to permit holder bays to facilitate parking for business permit holders.

These proposals are being formally advertised by way of traffic management orders on Friday 3 July 2009. The plans will be on display from this date at the Teddington Library, Waldegrave Road, Teddington, and on the Council website www.richmond.gov.uk/teddington_cpz_review.

It is important for us to know your views in order to make an informed decision. Representations are invited by letter to the Head of Highways and Transport, Civic Centre, 44 York Street, Twickenham, TW1 3BZ or by email to highwaysandtransport@richmond.gov.uk. The Council is giving five weeks for representations to be received on or by Friday 7 August 2009 due to the summer period, and these will be reported to the Cabinet Member.

Implementation of the proposed extension and operational changes is scheduled to commence in September 2009, subject to no significant objections. Permit application packs and further information will then be posted to all properties in the Clarence Road extension area prior to the zone coming into operation on Monday 21 September 2009.

Should you require any further information, please contact my colleague Andrew Reeves on 020 8487 5413.

Yours sincerely

Darren Wyatt
Senior Engineer
