22 February 2010

To the Owner and/or Occupier

Our ref: 1034_L_DW_220210_Treher Road and South Worple Way

Dear Owner / Occupier

East Sheen controlled parking zone (CPZ) extension to Treher Road

In March / April 2009 the Council undertook a review of the Mortlake Controlled Parking Zone (CPZ). Consultation was also undertaken with residents and businesses of uncontrolled roads in adjacent areas and results showed support for a CPZ in Treher Road.

As this road is situated outside the East Sheen CPZ, the Cabinet Member for Traffic, Transport and Parking approved the formal advertisement of proposals to extend the East Sheen CPZ to Treher Road. The East Sheen CPZ (zone ES) operates Monday to Friday, 10am to 4.30pm.

The Cabinet Member further approved proposals to implement double yellow lines in South Worple Way between its junctions with Alexandra Road and White Hart Lane in order to alleviate road safety conditions caused by congestion and poor sight lines. Further to this, the Council are also proposing double yellow lines at the junctions with Princes Road, again to improve road safety.

These proposals are being formally advertised by way of traffic management orders on **Friday 26 February 2010**. The plans will be on display from this date at the Sheen Lane Centre, Sheen Lane, East Sheen and at the Council offices, Civic Centre, 44 York Street, Twickenham during opening hours. The plans will also be available for inspection on the Council's website www.richmond.gov.uk/treher_road_cpz_extension from Friday 19 February 2010.

Representations are invited by letter to the Head of Highways and Transport, Civic Centre, 44 York Street, Twickenham, TW1 3BZ or by email to highwaysandtransport@richmond.gov.uk to be received on or by **Friday 19 March 2010**. These will be reported to the Cabinet Member, following which further information will be posted to all affected properties advising of scheduled implementation and how to apply for parking permits.

Should you require any further information, please contact my colleague Andrew Reeves on 020 8487 5413.

Yours faithfully
