# Dads are important

Share a story sack with your child.

Please could you tell your child a bedtime story and take a photograph of the special moment as you cuddle up together, sharing the book and props.

If you do not have a digital camera you can borrow our camera tonight.

**Did you know that 80% of fathers these days say they do not have time for bedtime stories!  
- It can't be true, can it?**

Best wishes from all at The Grange
