

I wonder if.....?

What could we do.....?

Can you find a way to.....?

What would happen if.....?

What did you notice about.....?

Tell me about.....?

What might happen next...?

What if...?

What might happen when we add.....?

How do you think.....? Could we.....?

Where can we add

Why do you think that happened?

Can you think of another way.....?

What could we use.....?

How did you do that.....?

I wonder what will happen if....?

Who could help.....?

When you didwhat happened?
