Core services primarily support adults caring for adults/children with long-term conditions. Will provide physical/emotion relief to almost 500 carers plus wider family, as preventative breaks reduce relationship/family breakdown, hospitalization/ move to residential/institution care of cared-for</p> <p>COMMUNITY-BASED: 1. Caring Café supporting up to 40 individuals living with dementia. Carers/cared-for, most aged 65+, enjoy respite in a safe, welcoming environment; they benefit from carer/ex-carer support groups, informal advice, making friends and share experience/expertise with other carers, all of which enhance these carers' quality of life and mental/physical well-being; some use opportunity to enjoy alone. 2. Saturday Clubs Hampton and Barnes/Mortlake Support for parent-carers and working parent-carers of 42 children with special needs, most from financially/social deprived backgrounds, exposed to domestic violence, neglect or abuse. Children explore stimulating play/sport, make friends, enjoy wholesome food and discover healthy eating. Liaison with Initial Response Teams/other professionals ensures support/sign-posting for the parent-carers whilst supporting some of Richmond's most disadvantaged 8-16 year-olds and breaking the 'cycle of deprivation', whilst improving quality of life for existing parent-carers.</p>

Val Farmer Director Richmond Mind Richmond Healthcare Hamlet Kew Foot Road Richmond TW9 2TE T: 020 8772 5687 E: val.farmer@rbmind.org W: www.rbmind.com	<p>Carers in Mind aims for relatives, partners and friends supporting someone with a mental illness to be recognized, valued and supported partners in care.</p> <p><u>Contribution towards</u></p> <p>Although the majority of the MH Carers registered with the project are supporting people with severe and enduring mental illness, the project does not have a minimum threshold criteria - this is important in recognising the value of early intervention. The project has 5 main work objectives in order to achieve its aim.</p> <ul style="list-style-type: none"> ➤ Objective 1: To increase awareness of the services available to MH Carers. The project aims to increase awareness of the services available and increase the number of MH Carers registered with the project. Objective 2: To offer information, education and training. A primary focus for the project is to develop information resources and training of a high standard, recognising the importance of developing carer's skills and understanding, not just for the carer - but also to aid the recovery of the person with mental health problems. ➤ Objective 3: To offer a range of support services MH Carers frequently experience stigma and social isolation and often have high levels of anxiety, stress and depression. A range of support services is provided including social activities, complementary therapies, support groups, counselling, one to one advice and guidance and telephone support. ➤ Objective 4: To promote, support and empower families and friends for them to become increasingly involved with the development of services. Richmond Mind aims to increase the involvement of mental health service users in the continuing development mental health services. ➤ Objective 5: To work in partnership with statutory and voluntary sector partners to increase awareness of the needs of MH Carers and to improve services available to them. 				

	The project also recognises the importance of maintaining strong links and continues to develop multiagency approaches with statutory and voluntary organisations at a local level.
