

# LONDON TAXICARD SCHEME

The Taxicard scheme is for residents of the 32 London boroughs and the City of London, who find it difficult or impossible to use mainstream public transport such as buses and tubes (due to permanent or long-term mobility or visual impairments), and provides subsidised transport in taxis (Black Cabs) and private hire vehicles (mini-cabs). If you have short-term mobility impairments such as a broken leg, or if you do not live permanently in one of the London boroughs, you are not eligible for a Taxicard.

London Councils manages the Taxicard scheme on behalf of London's local authorities, and CityFleet manages the taxis and mini-cabs used by Taxicard holders. Full details of the Taxicard scheme can be found on the London Councils website:

**[londoncouncils.gov.uk/services/taxicard](https://londoncouncils.gov.uk/services/taxicard)**

There are six pages to the attached application form. To ensure that your application is not delayed, read the form carefully, and complete it in full.

**Page 1** is where you enter your personal details. All applicants must supply proof of their identity and address, along with a recent colour photo. Full details of the documents and photos we accept can be found on **page 6**.

**Page 2** asks about your health and mobility, and why you need a Taxicard. Please attach medical evidence that supports your statements, as these will help to assess your application. We also ask about physical aids to your mobility, such as walking sticks and wheelchairs, to help us understand your mobility difficulties outside of the home.

**Page 3** is for wheelchair and mobility scooter users ONLY. This information also assists with our assessment, and lets us know if the scheme is suitable for you.

**Page 4** lists criteria for automatic qualification to a Taxicard. Even if you qualify automatically, you must still complete the rest of the form.

Sign and date the application form on **page 5**, and return it with your supporting documentation and photo, by email (address below), or by post to:

Civic Centre  
44 York Street  
Twickenham TW1 3BZ**

**Please check prices online or at your local Post Office, to ensure that you pay the correct postage rates. To guarantee delivery, send by recorded post or email.**

Because of the large number of applications we receive, yours will not be acknowledged, and may take between six and eight weeks to process.

## WHEELCHAIRS & MOBILITY SCOOTERS

To ensure your safety, if you need to use a wheelchair when travelling in a licensed London taxi, you must travel facing the rear of the taxi with your back to the partition and use the attachment belts provided. Many larger electric wheelchairs cannot be positioned and safely secured in this way, due to their size, and so are unsuitable for use when travelling in the Taxicard scheme.

Many mobility scooters cannot be safely secured or are too heavy to use the ramps in licensed London taxis and therefore cannot be used when travelling on the Taxicard scheme.

However, the customer can travel if the electric wheelchair can be safely secured and the scooter is not too heavy, and the customer can transfer from the seat to the back seat of the taxi in order to travel.

If you use a wheelchair or scooter, we need some additional information from you so that we can establish the best way that we can provide the Taxicard service for you. Our ability to provide a suitable vehicle for you will be limited if you do not have access to a wheelchair of a type that can be safely secured in a London taxi and you are not able to transfer to a seat when travelling.

### If you use a wheelchair or mobility scooter:

Can you transfer to a seat when travelling? YES  / NO  \*

Do you rely on someone else to push you when travelling? YES  / NO  \*

Does your chair have leg extensions? YES  / NO  \*

If you use a powered/electric wheelchair or a mobility scooter, please state the manufacturer and model:

Model:
Who recommended you use this equipment?
