Financial Assessment Form

Why do I need to fill in this form?

Most people have to pay something towards the cost of their care and support. What you pay will depend on your individual circumstances and the kind of care and support you need, who provides it and how often you need help. Your financial assessment will help us decide if we can help pay for your care and work out how much, if anything, you will have to pay towards the costs and identify any benefits you may be entitled to. If you have savings over £23,250 you will have to pay for the cost of any care and support in full.

We ask that you return the completed form to us within 2 weeks for us to work out your personal contribution and how much the council will contribute towards the cost of your care and support.

You can choose not to share your financial details with us. This will mean that you have to pay the full cost of your care and support. We can still help arrange your care and support for you but if you have been assessed as being able to pay the full cost of your care, there is an arrangement fee of £54 a week to cover the Council's costs for making these arrangements. We will always offer you information and advice to help you choose the appropriate support to meet your needs.

If any of the following apply, then go to Section 2:

- I do not want to provide my financial details.
- I have over £23,250 in savings.
- I currently have no right to claim benefits (e.g. no recourse to public funds).

What information will I need to provide?

You will need to provide copies of all financial information detailed in this form. This is essential for us to be able to confirm the information.

If you do not provide the information in the timescales required and/or fail to provide the supporting documents, you may have to pay the full cost of your care and support.

Who can help with completing this form?

You may want to ask a friend or family member to help you or someone who already helps you manage your finances. If you don't have anyone to help you fill out this form and you cannot complete it yourself, we can arrange for someone to come and visit you in your home at a time that is convenient for you.

If you need this form in another format, such as large print, please contact Adult Social Services on 020 8891 7971 or email adultservices@richmond.gov.uk.

Financial Assessment Form

Section 3: Income

We require documentary proof of any income received. We will accept photocopies of documents such as bank statements, DWP letters, private pension payslip etc.

IMPORTANT

If you are receiving residential or nursing care, the Care Act 2014 allows you to pay 50% of your occupational pension, personal pension or retirement annuity to your spouse or civil partner and we will disregard this from the financial assessment.

In view of this, our policy will be to automatically disregard 50% unless you ask us not to and we will then include all your pension in the financial assessment calculation.

Disabled Related Expenditure

If you receive disability benefits, we will either provide you with a standard allowance of £20 per week in the financial assessment that covers expenditure that you need to pay from your income for your disability, or we will ask you for information about your disability related expenditure for an individual review to work out the exact figure.

I would like an individual review of my disability related expenditure because (please tick below):

I receive higher rate attendance allowance or disability living allowance (care component) and do not receive any care and support during the night.

I believe my weekly disability expenses are more than the standard weekly allowance of £20.

I agree that you can undertake any financial checks that you consider necessary when reviewing this financial assessment form.

I understand and agree to the following:

- I agree to help the Council to maximise my income by applying for all available state benefits to which I am entitled, including Pension Guarantee Credit and/or Pension Savings Credit.
- If I supply information that is incorrect or incomplete, the Council may act against me. This will include charging the full cost of services that the Council provides, charging an administration fee and could include Court action.
- If I fail to declare assets that I hold either fully or part of an interest in then the Council may act retrospectively to recover any sums due and/or may take legal action.
- The Council will use the information I have provided to calculate my contribution and may check some of the information with other sources as allowed by the law.
- The Council can use any of the information I have provided in connection with this and any other claim for state benefits that I have made or may make. I understand that the Council calculate my assessed contribution under the Care Act 2014.
