

Local shop delivery

Many of you have told us that you wish you could go out and purchase the food you want rather than relying on food drops. It is vitally important that we all continue to follow the national guidance about social distancing and self-isolating – particularly if you have an underlying health condition or are aged 70+. However, there are “stay at home” options out there if you want more control over your food shopping and are able to pay for it.

A number of local businesses have let us know that they are coordinating local deliveries to help support local people. Below are a list.

Please note, the Council is not endorsing any of the below options. We have not tested these businesses ourselves. If you choose to use one of these services, then you take full responsibility for the food quality, the payment and delivery.

In addition, as this list is likely to change, please make sure you call the business to discuss your needs to advance. If you are a local business and would like to be included on this list, please email: press-pr@richmond.gov.uk

- Kew Convenience Store 02088780899.
