/ Live/Operating Days: 26 July 2026

Event Organiser Contact: (Name & contact number – must be available during all stages of the Event Period)

Kevin Jones – 07946 324970

Impact on Park	Mitigation
<p>None forecast but there is the potential for damage to be caused to the grass areas and for park users to be put at risk from vehicles.</p>	<p>All on site traffic will be confined to the periods before and after the event. Access to the site will be overseen by the controlled by the Site Manager (Build) during the stage build and take down periods ahead of, and then after, the event day. Access during event day will be controlled by the Assistant Site Manager and only pre-booked, authorised vehicles will be allowed onto the site. The site management teams will actively manage all vehicle movements and only authorised vehicles as noted above will be permitted access. Access will be via Orleans Road and the tarmaced area around the café. There will be no parking under tree canopies to avoid soil compaction and damage to tree roots. Should the ground become very wet, it is possible the event will be cancelled. If it still proceeds, special care will be taken by vehicles using the Gardens to avoid churning the ground. Matting will be used if the ground is saturated.</p>

Event Site Location Within Park: (Insert map)
