This will be confirmed on receipt of method statement.</p>	
PAT testing certificates for any electrical items	
Caterer visit to York House	

+ Please note this is for our reference only. It is the caterers/customers responsibility to ensure that our Terms and Conditions are met. This includes ensuring that there are no flammable liquids, gels, gases or candles on site and that any electrical items have been PAT tested. This office is not responsible for noting if anything listed in the method statement is not permitted under our Terms and Conditions and is brought on site. If these items are brought onto site you will be asked to remove them and will not be able to use them.

Power consumption information is requested to ensure that items can be used at York House without overloading our electrical circuit. Any requests for special arrangements (outside catering space, use of BBQ/hog roasts etc.) still need to be discussed with a Customer Service Officer and written permission obtained.
