Friendly Parks for All Inclusive activities in Richmond Parks 2024/25

Spend time in outside to benefit your health and wellbeing and explore the beautiful parks in the London borough of Richmond upon Thames.

THENDEY PARKS FOR WILL

Friendly Parks for All

The Friendly Parks for All project aims to get more people visiting parks in Richmond and to understand the barriers to spending time in parks. We do this by:

- Improving opportunities to engage with parks for residents to enjoy by improving access for people that face barriers to spending time in parks.
- Promoting the benefits of engaging with the natural environment for health and wellbeing especially for groups who have identified inequalities and face barriers to accessing these spaces.
- Many of the parks in the borough offer outdoor gym equipment, some of these have been installed in consultation with park users who face barriers to engaging with parks.
- Providing tailored activities that address these identified inequalities to address barriers to access and inequalities.
- The monthly activities include monthly accessible
 walks, all ability cycling, inclusive litter picking and
 wellbeing walks exploring green spaces in the
 borough. The council also works with Friends of green
 spaces many of whom offer opportunities for
 conservation volunteering.

There is more information on the park pages of the council website:
