October 2026

Dear Resident / Occupier

Twickenham Riverside Regeneration – Parking changes

You may recall that in 2025 the Council introduced some amendments to the layout of parking bays and yellow lines in the Central Twickenham Controlled Parking Zone (Zone D) as part of the Twickenham Riverside Regeneration scheme.

These amendments were introduced through the making of Experimental Traffic Orders (ETMOs) which invited representations within the first six months. The Council has considered the representations received to date and, following this, it is now introducing a number of further changes to the zone.

The changes being implemented primarily comprise the following:

1. Convert all 'Permit Holders Only' bays to 'Resident Permit Holders Only' bays on The Embankment and Riverside & increase the operational hours/days of these bays to **8.30am to 10pm on Monday to Sundays including Bank Holidays** to provide increased parking protection to resident permit holders in this part of the zone (Zone D business permits will no longer be valid to park in this area). Residents can continue to park with their resident permits but if they have visitors who need to park in this area they will need to ensure they use/apply a resident visitor permit to cover the extended period of operation in these bays)
2. Introduction of new lengths of no waiting 'At Any Time' restrictions/loading restrictions to improve access and sightlines at certain locations in the zone
3. Conversion/removal/relocation of certain existing parking bays following requests received

You are receiving this letter as your address is situated within close proximity of changes being made. Please make yourself aware of these changes by visiting www.richmond.gov.uk/twickenham_zone_d_changes or email us / write to us (details provided at the end of this letter) and we will send you details.

The changes as described above are currently being implemented by way of a modification to the existing ETMOs and these will come into operation on **Monday 26 October 2026**. This provides a further six-month consultation period during which representations can be made. The changes to the zone will be monitored by officers to see how they settle down. After this six-month consultation period has passed a decision will be made on giving permanent effect to all parking changes made in the zone which includes last year's amendments.

How to Make a Representation

Representations to the changes to the zone are invited by **Sunday 25 April 2027**. Representations and/or comments should be made in writing to the Assistant Director of Highways and Parking Policy, Civic Centre, 44 York Street, Twickenham, Middlesex, TW1 3BZ or by emailing parkingpolicy@richmond.gov.uk. When writing, please quote 'Zone D Parking changes' in the title.

Yours faithfully

Michael Potter
Parking Policy Manager
